COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

MAIL STOP ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sirs:

This paper responds to the Examiner's statement of allowable subject matter set forth in the Detailed Action that accompanied allowance of this case.

To the extent that the Examiner's statement suggests or states that certain limitations not found in the prior art are present in each and every claim (whether or not specific language to that effect is actually found in every claim), Applicant notes that the record as a whole, namely, the actual claim language, supplements the Examiner's

statement. More specifically, for example, the Examiner implies that the bolded subject matter of the Detailed Action is found in each of claims 1 and 6, when in fact that is not the case. For example, while claim 1 recites that the radio card is received by the electronic device "via the track", claim 6 does not recite this limitation.

Moreover, Applicant believes that the Examiner's statement may imply that the dependent claims are also only allowable for the reasons set forth in the Detailed Action. However, the Examiner's reasons do not discuss any of the other elements of the claimed subject matter, in particular those additional elements recited by dependent claims 2-5 and 7-15, all of which Applicants believe are also not found in the prior art and render the dependent claims independently allowable.

Accordingly, Applicant interprets the Examiner's statement to be a statement of only one reason for allowance of the claims, and that other reasons also exist for allowance of the claims such as, for example, those set forth more completely in the record as a whole. This interpretation is consistent with MPEP 1302.14, which states that any statement of reasons for allowance "[i]s not intended to necessarily state all the reasons for allowance or all the details why claims are allowed and should not be written to specifically or impliedly state all the reasons for allowance are set forth."

If the Examiner disagrees with the Applicant's interpretation, the Applicant respectfully requests that, prior to issuance, the Examiner withdraw the existing statement of reasons for allowance and simply rely on the record as a whole, or clarify the existing statement of reasons for allowance.

Finally, the Examiner has characterized numerous prior art references in his statement regarding allowable subject matter. Applicant agrees with the Examiner that

claims 1-15 are allowable in view of all of the references made of record, either alone or in combination. However, Applicant does not agree or disagree with the Examiner's characterization of those references, and reserves the right to argue its own characterization should that need arise in the future.

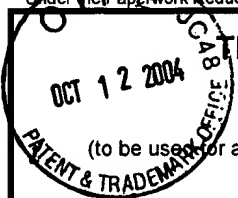

If the Examiner has any questions or if Applicant can be of any assistance, the Examiner is invited and encouraged to contact the Applicants' representative at the telephone number below.

Respectfully submitted,

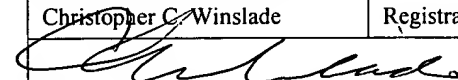

Christopher C. Winslade, Reg. No. 36,308
